2006 Permit Year

Annual Hunting & Fishing Permit Distribution & Sales Summary

Administrative Services Division

Permit Services Section

September 2007

INTRODUCTION

Scope:

This annual hunting and fishing permit distribution and sales summary includes sales data for those permits commonly known as hunting, fishing and trapping permits. These permits are available statewide for general sports and recreational hunting and fishing activities.

Effective with Permit Year 2006, the Department's total revenues, received on behalf of the Department, is disclosed within the realm of this report, which begins on page 72. Permit types such as commercial permits and special use permits, shooting range permits, boat rental permits, and daily trout tags, are also inclusive in this sales report. These permit types were commonly reported in the ***Merchandise & Statistical Sales Summary Report***, but are now being combined to encompass all fee associated permits sold by the Department.

Perspective:

Hunting and fishing permits account for approximately 17.11% of the Department of Conservation's annual revenue. Major revenue categories for Fiscal Year 2007 are as follows:

One/Eighth % Sales Tax	\$103,332,575.11	60.19%
HUNTING AND FISHING PERMITS	\$ 29,368,352.22	17.11%
Commercial and Miscellaneous Permits	\$ 1,584,802.37	.92%
Sales and Rentals	\$ 8,947,514.84	5.21%
Interest	\$ 1,267,397.67	.74%
Miscellaneous Receipts	\$ 3,965,239.34	2.31%
Federal Reimbursements	<u>\$ 23,210,639.29</u>	<u>13.52%</u>
TOTAL	<u>\$171,676,520.84</u>	<u>100%</u>

Permit Year Defined:

Within this sales summary, the sales data reported for the hunting and fishing permits is an accumulation based upon a "Permit Year." Before 1996, the permit year corresponded with the calendar year of January 1 through December 31. The Commission, effective with the selling of the 1996 permits, changed the "permit year" to begin every March 1 and run through until the end of the following February. The Commission changed the "permit year" to correspond with the waterfowl season, which runs until mid-January.

At the beginning of the 1996 "permit year," the Department of Conservation implemented the Point-of-Sale method for selling permits. This new method of selling permits allows the Department to capture sales electronically, at the point where the vendor transacts a permit sale. In addition, with this Point-of-Sale method, generated revenues are drawn electronically from each vendor's designated bank account at a predetermined time.

Permit Distribution Methods:

Before 1996, the Department of Conservation distributed all hunting, fishing and trapping permits; trout and waterfowl stamps to vendors statewide either on a Commission Direct basis or through a County Distributing Agent. At the end of the 1990 permit year, the Commission eliminated County Distributing Agents for distributing permits. Effective with the issue of 1991 permits, the Department of Conservation consigned permits directly to duly appointed permit issuing agents. During this time, the Department distributed the hunting and fishing permits to the permit issuing agents in three separate mailings throughout the year. However, beginning in 1996, the Missouri Department of Conservation began using the Point-of-Sale permit distribution alleviating the need for paper permits and report forms.

The Department of Conservation issued Temporary Permit Books to appointed permit issuing agents, in the event the Point-of-Sale system became dysfunctional. In July 1998, the Department had the Store and Forward Program installed within the Point-of-Sale equipment in hopes to reduce the need for the Temporary Permit Book within the 1999 permit year. This program has proven to be a huge success and diminished the need to use Temporary Permit Books. As customary, only the Trout Park Concessionaires, due to their sales volume and isolated locations, were issued Temporary Permit Books for the 2006 permit year. The Store and Forward Program allows the issuing agents the ability to store the last permit transaction until the system becomes functional again.

In keeping with tradition, the avid hunter and angler is able to purchase their upcoming Annual Hunting and Fishing permits as early as December 1st of the existing permit year, via the Point-of-Sale terminal. This effort allows purchasers the advantage of securing permits for Christmas gift giving, as well as for their personal recreational use. The annual permits are valid from the date of purchase and remain available throughout the permit year. This effort was re-established December 1, 1998 to enhance the Department's permit revenue, by recapturing the lost revenue on Christmas permit sales when the Point-of-Sale System was first implemented and early permit purchases was eliminated.

All remaining hunting and fishing permit types became available for sale on February 1, 2006, one month prior to the beginning of the 2006 permit year, via the Point-of-Sale terminals. The only permits not available at that time were the Fall Deer and Turkey hunting permits. Resident and nonresident fall deer and turkey hunting permits were not made available until July 1, 2006.

As of permit year 2004, landowners (resident and nonresidents) were able to obtain their permit and transportation tags from a permit issuing agent, alleviating the paperwork formerly associated with these permit types.

Beginning with permit year 2000, permits were available for purchase via phone and internet sales handled by ALS (Automated Licensing System). ALS is responsible for providing help desk services for the hunting and fishing vendors, shipping supplies and equipment; and diagnostic assistance with the Point-of-Sale terminals that the hunting and fishing vendors use throughout the State of Missouri.

The Permit Glossary beginning on page 61, lists the majority of permit types that were available for the 2006 permit year, but is not all-inclusive. Please refer to the Wildlife Code of Missouri for a complete listing of all permits and prices.

Dollar Value of Sales Defined:

All sale figures presented in this sales summary are accumulated using the stated value of reported sales. The stated value of a permit is the price which the Department assigned for that particular permit privilege. Conservation's permit sales revenue is reduced by the service fee, which the permit issuing agents retain and by any uncollectible account that develops during the permit year.

Service Fee Structure:

During the 2006 permit year, permit issuing agents sold all hunting and fishing permits except those permits sold at Department areas. Department areas retained no fee where Department personnel sold permits. Department areas remitted, the entire stated value of the permit, directly into the Department's depository accounts electronically through the Point-of-Sale (POS) terminal. The Commission reduced fees retained by permit issuing agents, for services performed in selling permits, from 7% to 5% in December 1989.

With the landowner permits being available through the POS terminal effective with permit year 2005, the Department realized the expense, time and effort placed on the issuing agent. Therefore, the agents are awarded an additional \$0.50 per landowner permit transaction processed through their individual POS terminal.

Point-of-Sale Distribution System:

Effective with the 1996 permit year, the Department replaced the paper intensive permit distribution system with a computerized Point-of-Sale automated license system. Permit issuing agents, statewide, can print permits on-site. The permit issuing agents are currently using one generic form, which replaces the 1995 system of 25 different licenses and stamps.

Instead of having selective time-frames for selling permits, all permit types were available for sale on February 1, 2006, except those permits noted on page 2 of this report. Information from the sale of permits is transmitted on-line to the Department over regular telephone lines. With the Point-of-Sale system, the Department now has a complete database of all permit purchasers, which greatly enhances resource management. The Point-of-Sale system eliminates issuing agents completing sales reports and eliminates bond requirements for most of the issuing agents.

The enhancements implemented during Permit Year 2005 eliminated the need to provide transportation tags and have check-in-stations located throughout the State of Missouri, for turkey and landowners to check their game. The Telecheck system has been well received and is proving to be a viable resource tool, for comparing harvested game with prior year's records.

The elimination of the "farm-tag" in permit year 2004, method previously used by landowners for tagging their harvested game, has provided an opportunity for the Department's deer biologists to track the number of landowners hunting in Missouri.

The Point-of-Sale system continues to allow:

- Permit sales to be reported electronically by telecommunications via the Point-of-Sale terminal.
- Payments, for permits sold, to be withdrawn electronically from the issuing agent's bank account according to a predetermined weekly or monthly schedule.

- Revenues, obtained from permit sales, to be transferred electronically to the State Treasury depository account.
- Vendors the ability to process a sales transaction, even during downtime, with the new Store and Forward feature, until the system is again functional, alleviating the need for Temporary Permit Books.

Future of POS

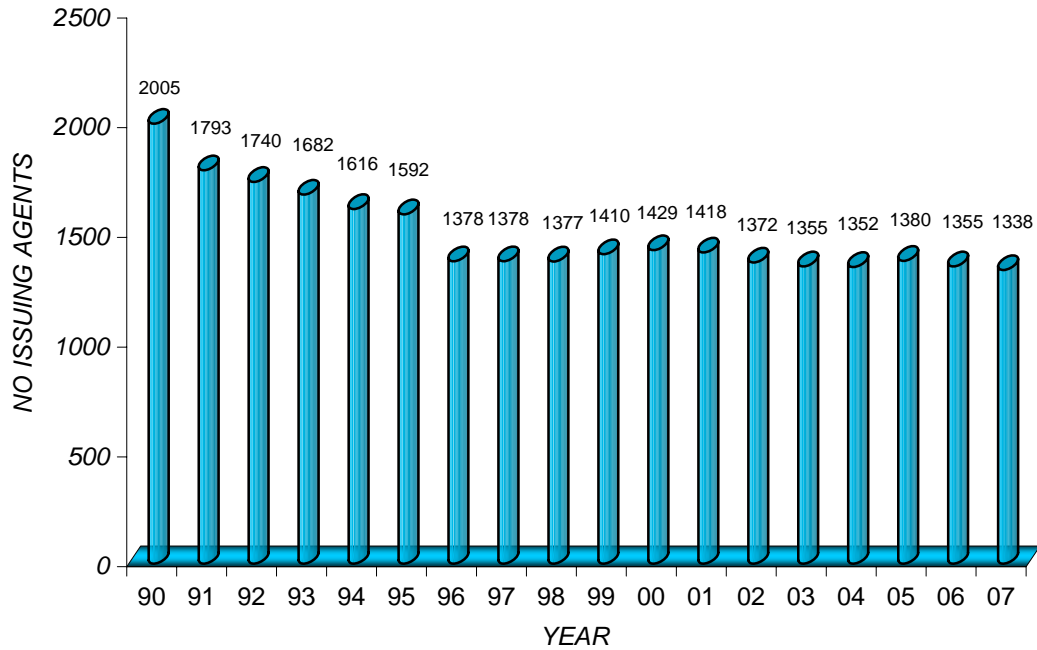

Permit Year 2006 marked the 10th year anniversary for the Missouri Department of Conservation's Point of Sale system. In those 10 years MDC has modernized the licensing business in Missouri, at the same time providing a successful model that several other states have since followed. As we anticipate the next phase of this automated system, the Department will continue to serve Missouri hunters and anglers efficiently by providing the best electronic method for issuing permits.

A new contract has recently been awarded, again to Central Bank of Jefferson City, for the next phase of this automated system. All equipment at retail permit vendors will be replaced and the overall system will be updated and streamlined. These refinements are scheduled for implementation in the summer of 2008, and this new contract is renewable for up to 8 complete years of operation.

The Point of Sale system was implemented at the beginning of the 1996 permit year and has evolved steadily since then. This change brought Missouri to a position of leadership in technology among state agencies across the country. We are determined that the integrity and service provided by the Point of Sale system will continue to be effective as it develops through the coming years.

HUNTING & FISHING PERMIT ISSUING AGENTS

Number of Issuing Agents/Year (July)

Current Distribution Profile:

As of June 1, 2007 there were 1,338 permit issuing agents in the state.

Permit Issuing Agent Applications for Calendar Year 2006:

Application mailed and no response	83
Application rejected	23
Application pending (decision not made as of June 30, 2006)	13
Application accepted and no response	10

Total Applications Processed	<u>220</u>

NOTE:

Beginning with the 1996 permit year, the Department began the Point of Sale Method of selling permits. Out of the existing 1,378 permit issuing agents, approximately 86% continued to provide hunting and fishing permits. As the remaining 14% closed, new issuing agents were accepted.

In reviewing the ten year period of permit issuing agents, there has been a decrease of 2.9%. However, there are 1,338 vendors still providing permits to hunters and anglers in the State of Missouri.

TEMPORARY PERMITS

As noted in the introduction, Permit Year 2006 marked the 10th year anniversary for the Missouri Department of Conservation's Point of Sale system. With the signing of a new contract with Central Bank of Jefferson City, all equipment at retail permit vendors will be replaced and the overall system will be updated and streamlined. Temporary permits will continue to be available throughout the replacement and update process, to ensure continuity and availability of permits to permittees.

The Store and Forward Program, within the Point-of-Sale terminal, was initiated in Permit Year 1999, by the Department. This program allows the issuing agents the ability to store the last permit transaction, on the terminal, until the system is functional again. Basically with the implementation of this program the need for Temporary Permit Books has been alleviated. However, due to the remote locations, the Trout Park Concessionaires are the only hunting and fishing vendors currently issued Temporary Permit Books.

Permit year 2006 indicates the success the Department is experiencing with the Store and Forward Program. This program has proven to be a viable tool for handling down time with the Point-of-Sale System. This represents the third consecutive permit year, since Store and Forward's inception, that the program has successfully retained permittee's sales information until the Point-of-Sale System was functional again. Thereby, relieving permit vendor's the necessity of issuing temporary permits.

NOTE: Effective with the 1996 permit year, anglers and hunters were provided the opportunity to buy: (1) lifetime hunting; (2) lifetime fishing or (3) lifetime conservation partner permits. As of 2002, these permits were based upon their age as opposed to paying one set fee for the permit type. By setting a pre-determined fee based upon age, the Department is able to provide a viable management tool to monitor public interest in outdoor sports while providing cost-savings opportunity for all resident hunters and anglers.

NOTE:

Beginning with the 2001 permit year, in an attempt to streamline the issuance of Resident Landowner Deer Permits, the Department decided to utilize the Point-of-Sale system to issue and account for these permits. This step allowed MDC to record all hunting permits comprehensively in a single data base. Landowner permit records had previously been maintained in a separate data base, which made reporting and comparisons difficult.

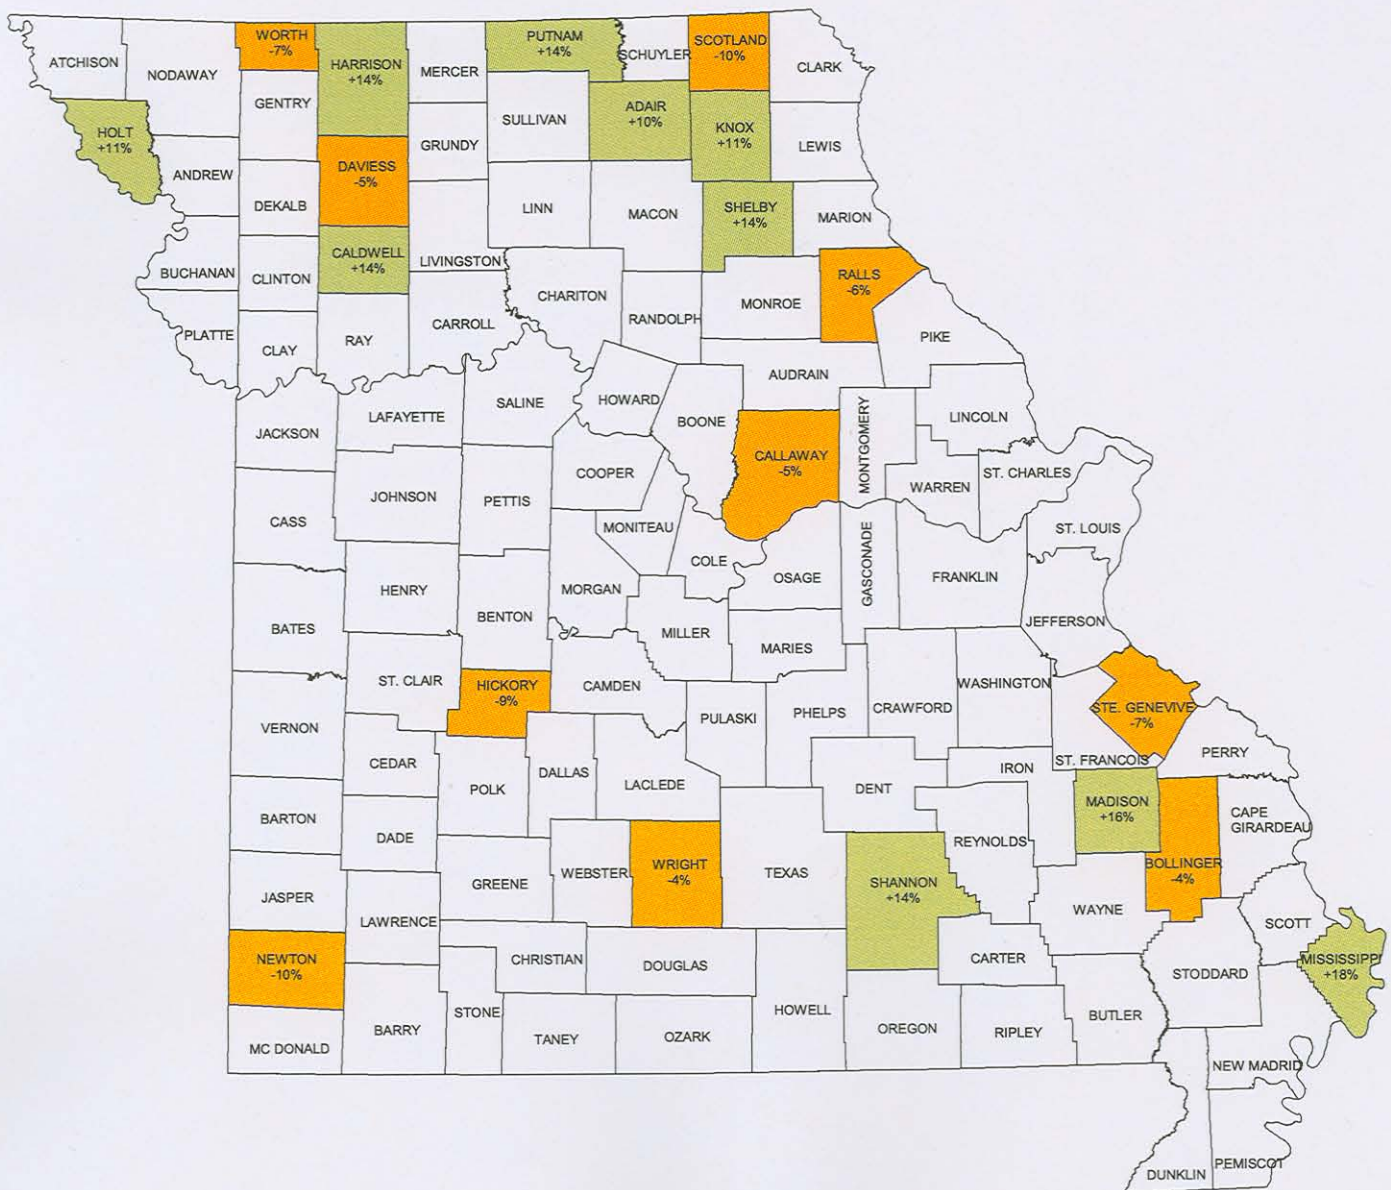

Please note there is no cost associated with these permits, therefore the above permits are not included in the total permit sales reflected throughout the report. This was done in order to provide a more concise and accurate reflection of permits assigned a stated fee amount to conserve the comparison capability of prior year sales vs the current year sales, without overstating the sales by showing these permits that do not have a fee associated or attached to the permit. However, the issuance of these permits will be reported as shown above, to retain the integrity of this report and for historical purpose.

Continuing its efforts to streamline and minimize efforts of issuing Landowner permits, the 2004 Deer Season saw the Point-of-Sale System take another leap by issuing all of the landowner permits through the automated system. As an incentive for the permit vendors, the Department established a set commission fee of fifty cents (\$0.50) per landowner transaction that was awarded to the vendor for their assistance in providing this service to landowners wanting to hunt deer in Missouri.

NOTES: 1987 marked the beginning of the Department issuing bonus antlerless-only firearm deer permits in unit's quota that had permits remaining after the initial any-deer drawing. Hunters are required to purchase an additional deer hunting permit prior to the deer season if they are chosen for a bonus antlerless-only deer permit. This was increased to a possible two bonus antlerless-only permits in 1994.

(1) - From 1997 to 2000 the Urban Archery Permit sold for \$5 to residents. In Permit Year 2001 the name was changed to Antlerless Only Archery and was made available in additional counties. Effective with permit year 2004, nonresidents were given the opportunity to purchase unlimited Nonresident Antlerless Archery Permits for \$7.00 each.

(2) Includes Nonresident Landowner Firearm Deer, First and Second Bonus (price is \$7 for these permits) Firearm Deer Permit Sales. There were 12 of the First Bonus and 3 of the Second Bonus for 2003. Effective with Permit Year 2004 the Bonus permits were all included as Nonresident Firearm Antlerless Deer Permits. The 15 sold in 2003 have been included with Nonresident Firearm Deer, which includes all bonus permits.

Beginning in 1988, archery hunters were allowed to take one deer and one turkey before firearm deer season and one deer and one turkey after the firearm season.

In 1994, the Department began including a check box on the nonresident firearm deer tag, allowing them to hunt in either the regular or muzzleloading firearm season. A separate nonresident muzzleloading firearm deer permit was made available with the 1996 Permit Year.

- (1) - From 1997 to 2000 this permit was known as the Urban Archery Permit and sold for \$5, which are shown above. In Permit Year 2001 the name was changed to Antlerless Only Archery and available in additional counties in Missouri. Effective with Permit Year 2004 the permit is retitled Resident Archery Antlerless Deer Permits and sells in unlimited quantities at \$7 each.
- (2) - Permit Year 2002 began a new pricing method for these permit types based upon age. See page 29 for pricing and sales breakdown of the various permits available. Sales reflected encompass all sales for the lifetime permit shown.
- (3) - Residents of IA, IL, KS & OK have an additional \$25 surcharge for this permit type

Beginning with the 1999 permit year, youth under the age of 12 are allowed to hunt with a firearm by purchasing a Youth Deer & Turkey Hunting Permit (YDTH-sales on previous page). The youth has to be in the immediate presence of a properly licensed adult, who regardless of age, must be hunter certified.

**HUNTING AND FISHING PERMITS
CHARGE OFFS AND BOND CLAIMS
1976 THROUGH 2006 PERMIT YEARS**

Prior to May 1981, all permit vendors and distributing agents were included under a blanket bond which paid all losses. In May 1984, all blanket bond coverage was discontinued. All vendors after that date were required to furnish surety bonds in an amount sufficient to cover potential losses. In November 1989, the Department began to waive bonds for issuing agents with at least 30 months of satisfactory experience and a sales volume of less than \$10,000 annually. The average bonded permit issuing agent was required to have \$3,000 coverage at a cost to the issuing agent of approximately \$100 a year.

Beginning with the 1996 permit year and the implementation of the electronic POS method of selling permits, 99.6% of the permit issuing agents were no longer required to furnish a surety bond. The Department's share of the permit sales are now collected electronically from the issuing agents specified bank account. However, each existing permit issuing agent is required to furnish a refundable security deposit for a POS terminal. Existing vendors in 1995, with accounts in good standing, were required to furnish a \$250.00 deposit. Those appointed after 1995 were required to pay a \$550.00 deposit. Vendors requesting additional terminals must furnish \$550.00 per terminal, which is also refundable.

Since the inception of POS, new vendors with poor credit ratings were asked to furnish a Surety Bond or Letter of Credit. In Permit Year 2003, there remained ten (10) vendors who were required to furnish bonds to the Department. However, with the exceptional service POS provides, these remaining vendors were informed, during Permit Year 2004, to cancel their bonds at the time of its renewal date, because the previous bond requirement has been eliminated by the Department.

The following lists the write-offs for the past five years:

Permit Year 2002	\$ 288.85
Permit year 2003	\$ 0.00
Permit year 2004	\$ 0.00
Permit Year 2005	\$1,607.88
Permit Year 2006	\$1,192.22

It should be noted there were no bond claims filed during this same time period, representing another advantage of using the POS method of selling permits as opposed to the traditional paper method that was used in the early 90's.

PERMIT GLOSSARY

NOTES:

- (1) - Starting with 1991 the Honor System Method was implemented at some of the Department Areas. Lake Paho, Hunnewell and Little Dixie were first to convert to this method of using the envelopes. In 1992, Blind Pony and Pony Express converted to the Honor System. Effective with the 1997 season, James A. Reed Conservation Area began using the envelopes along with the tags. 1998 was the first complete year under the Honor System.
- (2) - Midway through the 2000 Season the agreement with the Town of Newark, (Sever Lake Concessionaire) was terminated. An agreement was made with the new Concessionaire. The terms of the agreement permitted the Concessionaire to retain 95% of the revenue received from the boat rental sales. The Department retained the remaining 5%. The decrease reflected in 2000 is due to the time period the concessionaire was not at the site. Last year for Concessionaire was 2001, Honor System was implemented at the onset of the 2002 season, with the Northeast Regional Office responsible for the boat rental.
- (3) - Effective with the 1998 Season, sales are handled through a Concessionaire. The Department retained 30% of the fees collected, up to 2003. Beginning with the 2004 Season a new concessionaire obtained the bid and the Department retained 35% of the fees collected on Boat Rental Sales. This was also the first year the concessionaire began selling boat rental in March and sold through the end of November 2004 due to the exceptionally good weather.

NOTES:

- (4) - Due to renovations beginning at the onset of 2004 Season boat rental envelopes have not been sent until further notice.
- (5) - Converted to the honor system, briefly at the onset of the 2003 season, until a concessionaire began. Department personnel responsible for the boat rental and \$5 fee collected and retained by MDC. Beginning with the 2004 Season contract was awarded to a concessionaire, with the Department retaining 5% of revenues obtained from the sales. Onset of 2005 Season management and responsibility of these permits was handled by Department personnel with the \$5 fee retained by MDC, resulting in the revenue increase shown above for the 2005 Season.
- (6) - Last year for selling Boat Rental permits was the 2001 Season.
- (7) - Due to staff changes there was a brief time that the area was without someone to handle the daily operation of the boat rental. Thereby resulting in a decrease in sales for 2003 Season.

NOTES:

Prices for Trap Shooting changed to \$3 per round instead of the hourly charge at the Andy Dalton, Busch Area and Jay Hentges areas on January 28, 1995. The Lake City Training Center is still charging the hourly rate of \$2. Skeet Shooting is charged at \$3 per round at Andy Dalton, Jay Hentges, and Busch Areas.

- (1) Due to miscoding of revenues, during the Fiscal Year 2006, a manual adjustment of \$233 deducted from the revenue amount reported through SAM II, to accurately reflect the shooting range revenue received at this shooting range during Fiscal Year 2006.
- (2) Majority of the Group Permits shown as sold are primarily used by law enforcement officers.

NOTES:

- (3) Fire at the onset of FY '02 occurred, closing this range until the first of the calendar year 2003.
- (4) No trap shooting permits were requested for FY '01 and FY '02.

FINANCIAL REVIEW

Revenue Processing

Missouri Department of Conservation's (MDC) Field Offices were consistent in their reporting efforts, by entering money transmittals directly into the SAM II. Remote field offices, without the capability to enter sales information into SAM II directly, continued to complete the electronic money transmittal and submit it via e-mail to the Financial Services' Revenue Unit for processing. Supporting documentation for these transmittals were faxed the same day, which allowed the data to be entered and revenue recognized on SAM II instantaneously, once the transmittal had been accepted and approved. As new directives for processing revenues and billing invoices were set by the State of Missouri's Office of Administration, information was disseminated to the field offices and assistance provided through Financial Services' Unit personnel.

QuickSell, the Department's sales and inventory system, continues to be a viable tool in maintaining a point of sale inventory of all merchandise sold at a particular office site. This system has minimize time spent on reconciliations during year end inventories; streamlined reporting sales activity, and provided up to the minute point of sale reports. The conversion process, which began in Fiscal Year 2003 with twenty-six (26) MDC Consignment Areas being converted to QuickSell; then Fiscal year 2004 another eleven (11) Field Offices, ended in Fiscal Year 2005 with the last two (2) offices converted from the old publication system to the QuickSell system.

This Management Review Section looks at the special permits issued at Department areas and by contracted concessionaires acting on behalf of the Missouri Department of Conservation.

Commercial Permits

During Fiscal Year 2006 Commercial Permit Sales reflected a decrease of approximately four percent (-4.4%) from the previous fiscal year. This decrease was partially due to the Cable Restraint Permit no longer being classified as a commercial permit. As of Permit Year 2006, this permit is offered through the Point-of-Sale terminal, along with the other various hunting and fishing permits. In comparing the two fiscal years, the Department realized a slight sales decrease in some of the other commercial permits, i.e. the Wildlife Hobby, Wildlife Breeder Class I & Class II permits and transportation tags.

Revenues collected for these permits realized an approximate increase of approximately four percent (3.6%). The majority of the four percent increase in revenue can be attributed to the Big Game Shooting Area and Falconry permits that experienced a substantial sales increase due to permits expiring

and needing to be renewed. Sales for both of these permit types tripled in Fiscal Year 2006, which added an additional \$15,510 in revenues.

This past fiscal year, Information Technology Service's (IT) have continued working effortlessly with the Commercial Permit Accounting Technician to create a new Commercial Permit Accounting System. The new system is still in the process of being tested, but plans are to have it functional at the onset of issuing Fiscal Year 2007 Commercial Permits.

Renewal applications for commercial permits continue to be mailed, accepted and processed in the latter part of May, which is prior to the actual start of the new fiscal year. By doing so a timing difference is created for reporting revenue and sales for the current Fiscal Year, because some of the revenues are captured in the preceding fiscal year, and reported at that time. Thus, the amount reflected on page 79 reflects the effective permit year sales, while the amount reflected on page 74 represents the revenue collected for these permits during the timeframe established by SAM II for fiscal year reporting.

At the time of this report last year, it was noted that Fiscal Year 2005 commercial permits had not been reconciled. Sales and revenues reflected on page 79 of this report have been updated to show reconciled sales and revenues for Fiscal Year 2005.

Boat Rental & Shooting Range Permits

Boat Rental Permits realized a decrease in sales, for the current reporting Fiscal Year 2006 of approximately sixteen percent (-15.61%) from the previous fiscal year, as shown on page 83, which is not within the anticipated range of sales.

The substantial decrease shown for the Duck Creek Concessionaire for these sales, as shown on page 83, is due to no longer having a Concessionaire responsible for the Boat Rental program at this area. Instead MDC's Field Office staff are responsible and even though there is a substantial decrease in sales (-43.13%), the revenues increased by 1095.41%. This increase is very substantial, because the Concessionaire's contracted agreement allowed them to retain 95% of all revenues derived from Boat Rental Sales, while the Department retained 5%. With the Department's Field Office staff handling the Boat Rental, MDC is able to retain all monies attributed to the Boat Rental Program.

It should also be noted August A. Busch Concessionaire had a substantial decrease in sales as well, compared to 2004. During the 2004 Boat Rental Season, we experienced exceptional weather, which the Concessionaire took advantage of and remained open until the latter part of November.

Shooting Range Permits remained constant in sales and revenues collected, for Fiscal Year 2006. Sales realized less than one percent (.14%) increase while revenue recognized a decrease of less than one percent (-.30%) for Fiscal Year 2006. Sales for this permit can be found on page 87 of this report.

Daily Trout Tags

Daily Adult Trout realized a slight increase in sales and revenues collected, for Fiscal Year 2006, of about one percent (.62%) from the previous fiscal year; while the Daily Youth Trout Tags realized a slight increase in sales and revenues collected of approximately one percent (.51%). This represents the fifth full season for the newly introduced Youth Trout Tag, which is showing a slow incline of participation in this sport fishing event. Continued efforts are being made to raise public awareness of the opportunity to participate in this fishing activity provided at Missouri's Trout Parks.
